(Successor to the Maryville Republican)

VOLUME 1.

MARYVILLE, MISSOURI, THURSDAY, APRIL 13, 1911

NO. 263.

THE HEALTH LEAGUE

OF SCHOOL STUDENTS BUSY AT WORK MAKING REPORTS.

QUITE AN INTEREST TAKEN

By the Children in Their Work—Other Grades Have Now an Organization for Health and Cleanliness.

Well, anyway, that children's "clean up" movement in the Kensington school of Kansas City didn't start for more than a week after the Daily Democrat-Forum told of the Sixth Grade Health League at the Washington school of Maryville. And, of course, that is where the Kensington school of Kansas City got its start in ideas.

The Health League of the sixth grade, taught by Miss Lois K. Halley, keeps right on keepin' up making reports of what its members see or think of, will be better for themselves, their school, their homes and their town. It has twenty-five members, sixteen of whom have made a report of something they thought could be bettered.

One boy said he would have had the yard to clean anyway, but he was more interested this year in how it looked.

Here are the reports made at the last meeting of the league:

1. I have cleaned up my yard.
1. I have picked up papers on the sidewalk and have asked several people not to spit on the walk.
3. I have cleaned up our yard, swept off our walks and porches every day, and picked up paper on the walk and threw it in a tin barrel.
4. I keep my window raised every night, sweep the sidewalk and asked one of my friends to not chew tobacco.
5. I have tried to get up when I first awaken and have asked mother to keep the window raised.
6. I have cleaned our yard and cleaned the trash from an empty lot.
7. I have raked our yard and cleaned off the trash.
8. I have tried to keep all the rules of the league.
9. I have tried to keep the floor and my desk neat and asked a friend to pick up some paper she threw down.
10. I have asked several people not to throw paper on the street.
11. I open my windows to get the fresh air and I try to get my little brother to sleep with his head uncovered.
12. I have raked our yard and picked paper from the street in front of our house.
13. I have cleaned our yard, picked up papers in front of our house and told a schoolmate he had better stop smoking while he could.
14. I have been careful to not throw papers and asked my schoolmates to be careful.
15. I have helped clean our yard and picked up trash and paper off the walks.
16. I have asked several friends to please not throw papers on the streets and have told some of my schoolmates to not chew their pencils.

Officers Elected Each Week.

The officers for the Sixth Grade Health League are elected each week, and each set of officers tried to outdo their predecessors in enforcing the rules. The officers who have served from the beginning to the present time are as follows:

First Inspector—Orion Patterson; assistant, George Lee Flemming.

Second Inspector—Marcia Cutler; assistant, Byron Costello.

Third Inspector—Marguerite Cummins; assistant, Virginia Lawson.

Fourth Inspector—Byron Costello; assistant, Berney Harris, Jr.

The members of the Sixth Grade Health League, which, by the way, is the first health league Maryville has had, are: Carl Young, Byron Costello, Orion Patterson, Elmer Allen, George Lee Flemming, Evelyn Neely, Helen Dean, Marguerite Cummins, Orville Carmichael, Marie Rigney, Joe Miller, Ruth Fite, Virginia Lawson, Paul Coleman, Berney Harris, Jr., Hazel Van Horn, Juanita Neal, Mary Condon, Harold Moon, Garland Miller, Marcia Cutler, Pauline Wilson, Lester Pierpoint, Hobson Pearson, Hazel Giffert.

The grades taught by Miss Lella

Bonewitz and Miss Phyllis Saylor have just been organized into health leagues, so with the boys and girls started in the campaign for health and cleanliness in Maryville, the question that has been bothering the mayor and his council and the club women will soon be solved.

On taking the office, the newly elected inspector stands before the school and thanking his fellow students for the honor conferred on him, says: "I promise to perform the duties of my office to the best of my ability." And he is obeyed to the letter. Not one has yet failed to pick up paper about his desk or do anything in the way of improvement that the inspector requires.

Health League Rules.

1. Clean floor.
2. Keep away from contagious diseases, such as chickenpox, typhoid and scarlet fever, measles, grip and diphtheria.
3. Public drinking cups and towels should be abolished.
4. Plenty of fresh air ventilation in and out of school hours.
5. Keeping our bodies clean.
6. Sit straight.
7. No mouth breathing.
8. No draughts.
9. No spitting.
10. No loafing.
11. No rubbish.
12. Don't put pencil in our mouths.
13. No smoking or chewing tobacco.
14. No dust.
15. Clean clothing.
16. No chewing finger nails.

Came to See Sick Mother.

The Rev. Fr. Cummins of Brookfield came to Maryville Wednesday to see his mother, Mrs. C. Cummins of South Market street who has been quite ill. She was much improved Thursday and he returned to his home Thursday evening. Mrs. Cummins's daughters, Mrs. J. N. Gatten of Darlington and Mrs. M. Y. Jameson of Stanberry, also Mr. Gatten and her son, J. A. Cummins of Ford City, were in Maryville Wednesday and Thursday, and Mrs. Cummins's brother, Judge K. McKinney, of Ford City, were here to visit her.

Laymen's Meeting Postponed.

The meeting of the laymen of the various city churches called by the ministers of the city at the First Christian church, Tuesday night, for the purpose of planning for a church census of this city, has been postponed until next Monday night, April 17th.

Mr. and Mrs. D. E. Hotchkin returned Wednesday night from a business trip to Kansas City, where they purchased goods for their store. Mrs. Hotchkin went on to Hopkins Wednesday night and returned Thursday evening with their little son, Ralph, who remained with her sister, Mrs. Fred Davis during their absence.

Entertaining Bride and Groom.

Mr. and Mrs. G. W. Boatman have for their guests, Mr. and Mrs. Clifford Garrett, who arrived Thursday from Sheridan, where they were married at 7:30 o'clock Wednesday evening. Mrs. Garrett was Miss Helen Kane, the daughter of Banker John Rue, of Sheridan. She was formerly a Maryville Conservatory student and is quite well known in the city. They are on their way to their new home in Northern Iowa.

NAT'L LIVE STOCK COM. CO.

WAS BUILT IN 1882

CITY HALL BUILDING BEEN IN USE SINCE THAT TIME.

WORST PLACE IN CITY

And By All Means a New One Should Be Built That Will Be a Credit to Maryville.

If the people of Maryville could know the condition the city hall is in there would not be a single protest made against the issuance of bonds for a new city hall, that should be worth at least \$25,000. A visit to the building would cause any voter of any inclination to vote against such a proposition, we think.

The present city hall was built in 1882, work commencing in July of that year. John Grem, who was an alderman at that time, was on the committee having charge of the building of the city hall. The others on the committee were Dr. Hackedorn and John Edwards, who were also members of the board. The present site was bought on June 16, 1882, of M. G. Roseberry, the purchase price being \$1,750 for a quarter of a block. The city still owns this property. Jas. I. George was the mayor.

A Democrat-Forum reporter went through the city hall Tuesday for the first time. The place did not remind him at all of the Elks' Club house, nor the high school building, nor the public library, nor the State Normal building, nor the Burlington depot, nor any of our church buildings, nor any public place he ever saw.

The fact is, the place where Maryville's mayor and city council meet to make our city laws and plan things that put us both in and out of debt, is the worst place in town. One can stand inside and see daylight through several places in the walls.

The back part of the building directly under the council room, is a place that goes by the name of our city jail. A jail and its surroundings isn't expected to be anything like as good as a church parlor, but a community that finds it necessary to provide a place for unfortunate men and women who have become the victims of evil influences which that community allows to exist, is responsible for the kind of place provided for incarceration. These horrible stuffy, dirty cells will never promote a corrective influence, and all true correction is upbuilding.

We wish every woman in every woman's club and woman's organization in town would visit the city hall and tell what they think about it. If thoughts are things, and the powerful forces in the world they are daily proving to be—if they should visit the place—that old city hall building would crumble to pieces before night.

William Armstrong, our foundryman says he put in the twelve rods that now hold the building up in 1883, one year after it was built.

A terrific storm, the most disastrous this section has known, occurred about July 15, 1883, at the noon hour. Trees were mowed down in places like grass and nearly every business house and residence in town suffered. The wind blew straight from the north. The belfry of the city hall was blown down and the fire bell went through the roof of the Armstrong foundry building, which stood where it now stands. Mr. Armstrong and his father, the late James J. Armstrong, and Samuel Thompson and Frank Barrock, who were employed at the foundry, had just returned from dinner when the storm broke. One of the men had a hair-breadth escape from being killed when the bell came through the roof.

The city hall was so soundly shaken by the wind that it was not safe to be left standing, and was taken by its builders, George Walker and Oliver Grotton, in danger of falling any time. So, by order of the city council, Mr. Armstrong rodged the building, four rods running crosswise and seven rods lengthwise.

"But I did not think those rods would hold the building together twenty-eight years," Mr. Armstrong said Tuesday. "I have known the city council to break up meeting many times in years gone by when clouds came up and a storm threatened, and it frequently happens now because the walls are much weaker now than they used to be. The bricks are getting soft and crumbly."

John Borriuech, the contractor, went over the building this week and the only comment he made was that he had "never seen quite such a city hall."

Visited His Sister.

Newton Long and Mack McCune of Sheridan arrived in the city Wednesday evening and visited until Thursday morning with Mr. Long's sister, Mrs. G. W. Boatman. They made the trip in their automobile and left for St. Joseph Thursday morning.

News of Society and Womens' Clubs

To Meet Friday Afternoon.

The Ladies' Aid Society of the M. E. Church, South, will meet in the basement of the church flats Friday afternoon at 1:30 o'clock.

Young Ladies Mission Circle.

Mrs. John D. Richey will entertain the Young Ladies Mission Circle of the First Christian church at her home on South Walnut street, Saturday afternoon.

Easter Market.

The ladies of St. Patrick's parish will hold a market Saturday all day of all good things to eat for Easter Sunday dinner, in the building at the corner of Main and Third streets, recently vacated by the Signs Clothing firm.

For Elevator Fund.

The ladies of St. Mary's church will hold a market the Saturday before Easter for the benefit of the St. Francis hospital elevator fund, at the Schumacher grocery store. All those who wish to donate to the market will be allowed to do so, and their donations will be gratefully received.

Embroidery Club Entertained.

The L. X. L. Embroidery Club met Wednesday afternoon with Mrs. J. B. Henderson and her mother, Mrs. W. V. Morris, at Mrs. Henderson's home on South Main street. All the members were present but three, Mrs. Clinton Davis, Mrs. Anna Stauble and Mrs. Vida Mitchell James. After their embroidery work, the hostesses served refreshments.

A Slumber Party.

Miss Katherine Kuchs, daughter of Mr. and Mrs. Richard Kuchs, entertained with a theater and slumber party Wednesday night. She was assisted by Mrs. C. C. Hellmers. After the theater, the hostess served a chafing dish supper and took several electric flash-light pictures of the party. The guests were: Misses—Blanche Welch, Anna Balmum, Allie Frazer, Marie Reuillard and Mrs. C. C. Hellmers.

Read Good Letters.

At the meeting of the C. W. B. M. of the First Christian Church Friday afternoon, which met with Mrs. Frank Roofson, two interesting letters were read from former Maryville girls. One was by Miss Mamie Longan of Manila, P. I., a teacher in the mission schools there, and the other was by Mrs. Walter Buckland of Springfield, Mass. Miss Longan is a niece of Mrs. Henry Westfall of this city and Mrs. Buckland is a daughter of Mrs. J. W. Ray. Mrs. Buckland spoke of Miss Helen Wray, the daughter of Mr. and Mrs. Curtis Wray of this city, who is now employed in Springfield, whom she said is a teacher in the Sunday school of a Christian church of that city, and an officer in the Endeavor society. Miss Longan is coming back to America for the benefit of her health. She is the daughter of Mr. and Mrs. J. A. Longan of St. Joseph.

Guest of President's Cabinet.

Miss Dorothy Pierce, the daughter of Mr. and Mrs. W. C. Pierce of Maryville, who is a student of Wellesley college, in Boston, enjoyed a rare privilege during the spring vacation that has just closed. In company with three other Wellesley girls, Miss Sybil Holmes of Winnipeg, Canada; Miss Inez Gass of South Dakota, and a girl she always speaks of in her letters as "the Indiana girl," Miss Pierce visited New York City, Washington, D. C., and Annapolis, Md. While in Washington, Congressman Burke of South Dakota, a friend of the girl from South Dakota, introduced them to Speaker Champ Clark and ex-Speaker Joseph C. Cannon, with whom they enjoyed a very nice, though brief, social time. They visited all places of historic note and were shown many favors by Forrest Hanna, a former Maryville young man, who is in the labor bureau department at Washington.

But the climax of the vacation trip was reached when Miss Pierce was escorted to the White House to meet Mr. Nagel of St. Louis, who as secretary of commerce and labor is a member of President Taft's cabinet. Secretary Nagel detailed his private secretary for the duty of bringing Miss Pierce to the White House, where he was soon to be engaged at the regular meeting of the cabinet. Miss Pierce was introduced to all in the cabinet chamber and all treated her royally, especially Secretary Wilson of the department of agriculture. On the arrival of President Taft she was introduced to him by Mr. Nagel, and enjoyed several minutes' conversation with him.

The girls from Wellesley were also the guests of Waldo Holt, at a military ball at Annapolis. Mr. Holt is a son of L. R. Holt of this city, and a high school classmate of Miss Pierce. While in New York the girls visited Grant's tomb at Riverside.

Samuel Allen, Wm. McManus, Ford Riley, Ott Ryan, Tom Fagan and Samuel Dunningan of Conception Junction were in Maryville Thursday shaking hands with friends.

MARYVILLE HAS 4762

WORD WAS RECEIVED THURSDAY FROM CENSUS BUREAU.

POLK TOWNSHIP 7342

The 1910 Census Shows An Increase of 185 Over Ten Years Ago—a Disappointment.

The census for the city of Maryville was announced Thursday afternoon by E. Dana Durand, director of the census bureau at Washington, at 4762. The census by wards follows:

First Ward	913
Second Ward	992
Third Ward	1,103
Fourth Ward	1,754

It is an increase of 185 over ten years ago. Maryville's population in 1900 was 4,577, and in 1890, 4,037.

The population of Polk township, including Maryville, is 7,342.

Many of the citizens here were of the opinion that the census would show Maryville over the 5,000 mark. So many new improvements, the locating of the Normal school and a number of manufacturing plants have been built in the last ten years, and it was thought that the city had at least 5,500 on account of the territory it covers.

The 1910 census is a disappointment to the citizens here.

CYCLONE ON CHARLES WELL'S FARM

A small cyclone on the farm of Charles Wells, eight miles southwest of Maryville, Wednesday, tore the roof off the barn. No other damage was done on the farm, and no damage was done any other place in the neighborhood.

The cyclone was a freak of the wind to ra few moments. The barn is 5x52 feet in size. One part of the roof was blown into pieces, the other half came off in sections. The damage was fully \$400. The insurance adjuster was due to visit the farm on Thursday afternoon.

MRS. ROACH DIED THURSDAY MORNING

Mrs. T. H. Roach died Wednesday night at 11 o'clock at St. Francis hospital, where she has been a patient for the last six weeks.

The funeral services will be conducted at the family home, five miles north of Maryville, Friday, April 14, at 10 o'clock a. m., by the Rev. W. E. Royston, of Pickering. Mrs. Roach was 52 years old. She had been in poor health a long time.

Left for Rochester.

John Stundon of East First street left Thursday for Rochester, Minn., where he will take a course of treatment of the Doctors Mayo. Mr. Stundon returned about two weeks ago from a ten days' stay at Rochester, but concluded to return for further treatment.

Mrs. D. F. Boyd returned to her home in Kansas City Wednesday evening, after a several days' visit with her sister, Mrs. F. G. Shoemaker.

TWO TARIFF BILLS IN HOUSE

Measures Agreed Upon in Democratic Caucus Introduced.

FREE LIST FOR THE FARMERS

Second Bill is Intended to Offset Any Disadvantages Which May Arise From Placing the Reciprocity Agreement in Effect.

Washington, April 12.—Two of the tariff measures which the Democratic house expects to pass in advance of any general legislation were introduced by Chairman Underwood of the committee on ways and means. They are Canadian reciprocity, following the identical lines of the McCall bill, passed last session, except for a clause authorizing the president to continue negotiations for reciprocity with Canada on articles not covered by the pending agreement and a bill to put on the free list about 100 articles now dutiable under the general tariff. Both will receive early consideration.

The free list bill is designed to placate farmers for agricultural losses which they will sustain under the Canadian agreement, but it contains also some foodstuffs and boots and shoes.

Farmers' Free List.

The list is as follows:
"Flows, hammers, headers, harvesters, reapers, agricultural drills and planters, mowers, horse rakes, cultivators, threshing machines, cotton gins, farm wagons, farm carts and all other agricultural implements, including repair parts.

"Bagging for cotton, gunny cloth and fabrics suitable for baling cotton, burlaps and bags for sacking agricultural products; hoop or band iron or steel for baling cotton, wire for baling hay, straw and other agricultural products; grain leather, buff, split, rough or sole leather, bend or belting leather, boots and shoes, harness, saddles and saddlery and leather for manufactured articles; barbed fence wire, wire rods, wire strands or wire rope, wire woven or manufactured for wire fencing.

Meats and Cereals.

"Meats of all kinds, fresh, salted, pickled, dried, smoked, dressed or undressed, prepared or preserved in any manner; bacon, hams, shoulders, lard, lard compounds and lard substitutes; sausage, buckwheat flour, cornmeal, wheat and rye flour, bran, middlings and other offals of grain, oatmeal and rolled oats, and all prepared cereal foods, biscuits, bread and similar articles not sweetened; timber, hewn, sided or squared."

"Sewing machines and salt complete the free list."

Popular Election of Senators.
A bill providing for popular election of United States senators will be reported to the house today and placed on its passage. Discussion, it is believed, will not be prolonged and Democratic leaders expect the bill will be rushed through among the first of the party measures.

"We expect to call up the reciprocity bill tomorrow," said Chairman Underwood, "and will seek to pass it as soon as possible. Then will come the free list bill and following that the bill providing for statehood for Arizona and New Mexico. Reapportionment will come later."

Probable Attitude of Senate.
Uncertainty exists as to what course will be pursued in the senate with reference to the Canadian reciprocity bill when it reaches that body, possibly next week.

Senator Penrose, who will become the chairman of the committee on finance, is friendly to the bill and will urge favorable action. The friends of the bill also make a decided gain in the absence of Senator Hale from the committee. He not only opposed the measure in committee, but obstructed it in the senate.

Just a Word About That Spring Coat or Suit

EXPLAINING WHY OUR GARMENTS ARE THE BEST

There are four things which you should insist upon finding in your new coat or suit and they are
STYLE, QUALITY, SERVICE, VALUE

Choose here and you will find that these necessary attributes are prominently and permanently featured. We put our explanation, as to why our garments are the best, in four short paragraphs:

—personally selecting, as we do, from the very heart of the style sources, and using our best judgment, gained by years of experience, we are enabled to select only authoritative models. No matter where you go you will not find garments more stylish.

—the best garments that can be sold for a given price—that is our way of securing the quality upon which the success of this store rests. We spend weeks hunting and gathering garments that measure up to our standard of quality, which is as high and as unvarying as we can make it. Quality, that is one thing that you will always find in every garment that we carry, whether it be priced at \$15.00 or \$40.00 or at any of the in-between prices.

—unless a garment is correctly and well made we have no place for it in our racks. The materials must be perfect, the linings of the right grade, the trimmings judiciously selected and properly placed, the sewing must be neatly and stoutly done, in fact, every detail must be without error. In this way we make certain as to the service a garment will give.

—improved methods of production enable us to offer bigger and better values every year. Whenever we get a price concession we pass it on to you. Look through our showing and you will see what value means to this store, and what it means to you.

STYLE, QUALITY, SERVICE and VALUE—our garments contain all of these. Can you ask for more? Can you get more? If you are interested in securing the most for your money see our display of the correct things—and the sooner the better, for assortments are now at their best.

LISSUE

Handkerchiefs for Spring From England to you for 25c

If you are going to have a new spring suit why not get one of these dainty little colored kerchiefs to peep coquettishly out from the new suit's pocket?

The best colored handkerchiefs that we know of are the Lissue handkerchiefs. They come in all modish colors to match the season's costumes, and the colors are designed in the most harmonizing effects. We also have them in all white, in beautiful artistic designs.

Lissue is the only colored handkerchief in the world with a color guarantee. Six new handkerchiefs for every one that loses its color in the laundry.

This remarkable guarantee is evidence of the quality of this absolutely unique handkerchief offering. Other handkerchiefs in all white from 5c each to \$1.75.

New Spring Gloves in Wide Variety

New gloves are necessary to add the final touch to the costume—and here you may choose from the correct styles and colors, and be certain of quality and accurate fit.

Long kid gloves, 12 and 16 button lengths, black, white and tan, for \$2 to \$3.
Virginia kid gloves, the best wearing kid glove made, all colors and black and white, \$1.50.

Vernon kid gloves, all colors and black and white, the best glove we know of to sell for \$1.00.

Long silk gloves, 12 and 16 button lengths, black, white and colors from \$1.00 to \$2.50.

Kayser silk gloves, all colors and black and white, 50c, 75c and \$1.00.
Kayser lisle gloves, all colors and black and white, 25c and 50c.
Chamoisuede gloves, chamois color, 12 button lengths, 75c.

These Spring Days are Veil Days

There is small need to suggest the comfort and assurance obtained by wearing the right veil on these windy days—and when you select from this stock becoming ones are easily found.

Veilings in all size meshes from the very finest to the largest, in the cobweb and shadow and other favored weaves, in brown, blue, lavender, champagne, green, black and white combinations, and plain black and white. Prices 25c to 75c a yard. Auto veils in the scarf styles and in the double widths, in a great variety of colors, from 1½ to 2½ yards long, \$1.50.

Black lace veils which are in great demand, at \$1.00 and \$1.50. White wash veils, with black dots, 50c a yard.

Exclusive Millinery

But Not Extravagant Prices

It is style that costs in a hat—that indefinable something that gives to the twist of a loop or a droop of a feather the touch of distinction which raises the hat upon which it appears immediately above the commonplace.

These hats have style, positive, undeniable style; they are correct, beautiful and becoming, fine in quality and skillfully put together—yet they cost no more than is ordinarily asked for the ordinary product of the ordinary milliner.

Let your new hat be a hat of distinction—a hat which will mark its wearer in any assemblage as a woman of superior taste in dress.

Remember that exclusive style does NOT entail extravagant prices at this store, even though the representative styles are on display in the most complete showing we have ever had.

KENYON NAMED IOWA SENATOR

Fort Dodge Man Elected to Succeeded Late J. P. Dolliver.

VANCAMP CASTS DECIDING VOTE

Senator Adams of Fayette Starts Stampede to Winner—Members Break into Cheers When Result Was Apparent—Native of Ohio.

Des Moines, April 13.—Judge William S. Kenyon (Rep.) was elected United States senator to succeed the late Senator Jonathan P. Dolliver on the sixty-seventh ballot in the Iowa legislature. The victory came with the second ballot of the session and following a stormy session. He received 73 votes, just enough to elect against 18 for Supreme Court Justice Horace E. Deemer, his Republican opponent.

collected 73 votes, just enough to elect against 18 for Supreme Court Justice Horace E. Deemer, his Republican opponent.

The deadlock has existed since Jan. 17, when the first ballot was taken. At that time Senator Lafayette Young, the incumbent, was the leading opponent of Judge Kenyon, but was succeeded by Justice Deemer on the twenty-third ballot about six weeks ago.

The second ballot resulted the same as the first ballot, but during the progress of the count Senator Chapman of Cedar county changed his vote from Deemer to Kenyon and was followed by Representative Van Camp of Adair county. When it was seen that the seventy-eight votes had elected Kenyon, there was wild cheering in the hall and a wild stampede to the Kenyon side resulted. The first vote on the second ballot was: Kenyon, 85; Deemer, 19.

It was Senator Adams of Fayette however, who really started legislators to the Kenyon standard. Just prior to the announcement of the first ballot he arose and said, while he did not like to desert his friends, he did not want to see the legislature adjourn with the deadlock still in effect. Therefore, he announced, he would change his vote from Deemer to Kenyon.

The announcement was greeted with deafening cheers and as the ball progressed Kenyon developed strength.

Native of Ohio. Judge Kenyon, the new senator, was born in Elyria, O., on June 19, 1869 and received his finished education at Grinnell, Ia. He was admitted to the bar following his graduation and shortly after was elected public prosecutor of Webster county, Iowa.

He was judge of the Eleventh Iowa judicial district until 1902, when he was appointed attorney for the Illinois Central railroad. In 1907 he was made general counsel of that company, with offices in Chicago, and served in that capacity until 1910. He was appointed assistant to the attorney general of the United States March 4, 1910. His home is in Fort Dodge.

Colorado Deadlock Still On. Denver, April 12.—Congressman Martin received the thirty-four votes of the anti-Speer Democrats in the ballot for United States senator. May or Speer polled 28, Congressman Martin 1 and Dr. B. L. Jefferson 2. Thirty-one Republican votes were cast for C. W. Waterson.

YOU ARE GROWING YOUNGER MOTHER

BANISH THOSE GRAY HAIRS!

Kill the Dandruff Germs—Stop Hair Falling

Thousands of mothers are looking younger.—Their gray hairs are gone. The natural color has come back, and with it a new growth of soft, glossy, luxuriant hair. Why should you look old before your time, when you can look years younger by using

WYETH'S SAGE AND SULPHUR HAIR REMEDY

Dandruff Cured

Three applications removed all the dandruff and left my scalp clean, white and smooth. Wm. Croak, Rochester, N. Y.

Restores Gray Hair to Natural Color

If other "so-called" Restorers have failed, don't give up hope, but give WYETH'S SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk. If it is not exactly as represented, your money will be refunded.

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

MISS E. A. ROSS, Sharon, Mercer Co., Pa.

Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.
